## 20 Years Karl Kübel Institute for Development Education (KKID)

**Qualification, dialogue and discussion in development cooperation this is what the Karl Kübel Institute for Development Education in Coimbatore / South India stands for since 20 years.**

**„The deepest sense of human existence is found in serving others.” (Karl Kübel)**

With this basic conviction the Karl Kübel Institute for Development Education (KKID) at Coimbatore, Tamil Nadu, was founded in the presence of Karl Kübel († 2006) in December 1999. We established KKID with the objective to nurture and nourish human capital.

### **The Basic Services of KKID:**

#### **Development through Training**

KKID set up for development education, supports in building the capacity of the people through various trainings, workshops, seminars and consortiums for diverse sections of the society. We have sustainable fruitful collaboration with Government, NGO, CBO, Corporate and Educational Institutions.

#### **Research and Documentation**

Conduct of periodical project evaluations, carrying out research on current development themes, bringing publications of international conference and workshops, releasing thematic concept and research papers are our regular social efforts to enhance the quality of development interventions. We support with our pool of expertise to conduct the organizational study, financial audit, impact assessments and documentation.

### **Social Philanthropy**

To add on to various socially responsible actions, the foundation works for the most backward and needy tribal communities situated nearby the institute. Driven by founder's philosophy, kindergarten schools are set up and renovated in couple of villages nearby.

### **Our final Objectives are:**

- Improve Quality of life with required additional knowledge and skills
- Facilitate meaningful intercultural, interreligious and international dialogues for social development and secularism
- Provide a knowledge platform for social development stakeholders to update and complement social initiatives

KKID aims to enhance the know-how and skills of individuals, families, children, organizations across the regional, national and international spheres. With the philosophy to „live and learn” the institute advocates participatory approaches for skill development to improve the quality of life of every individual.
